FREIFUNK IS HERE

Freifunk (OpenWireless) is an open and free wireless internet connection for all. Connect to:

Freifunk

Friendly neighbors are sharing their internet connection, so that you can get online for free.

There's no guarantee that it works (well).

Please moderate your downloads, so the link works for everyone. Thanks!

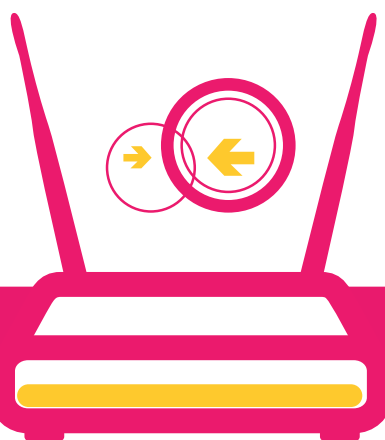

The network is open and your connections are visible to others.

Take care of your private data, and use encryption, as always.

If you're having problems, feel free to contact us.

You can help to improve your local Freifunk network: join us!
